

## Adobe Certified Professional: Macromedia Dreamweaver MX Developer

**Key Information:** 2009-10 Workforce Florida, Inc. Technical Skill Attainment list. Certification is on the CAPE funding list for 2009-10. DOE certification code is ADOBE008.

### GENERAL INFORMATION

The Dreamweaver 8 Developer certification demonstrates an individual's competency as a Dreamweaver developer. A certified professional understands the Dreamweaver application, web page design, web page authoring, and supporting technologies. The exam is explained here:

[http://www.adobe.com/support/training/certified\\_professional\\_program/dw8\\_developer.html](http://www.adobe.com/support/training/certified_professional_program/dw8_developer.html)

The recommended background for someone ready to tackle the Macromedia Dreamweaver MX Developer certification is:

- Six months experience creating/using professional high quality graphics
- Two or more years experience in web development
- Job knowledge of HTML, XML, XHTML, JavaScript, and CSS syntax
- Six months experience in website management
- At least one year experience using Dreamweaver
- Experience with manual coding

To become certified, you must receive a 70% on an 85-minute exam that includes 65 multiple-choice and true/false questions. You can access information about the exam by clicking here:
